## 2023 All-Star Game Cards for HISTORY MAKER BASEBALL Big League Baseball Game

Sorry for the last minute posting, but we wanted to keep our string alive for offering All-Star Game cards for consecutive seasons! A couple of quick notes...

- We included all players named to the game, including those who opted not/could not play (marked with an asterisk in the upper left corner of the card) and those who replaced them (marked with a plus symbol).
- We used our “retro” Continental League card template, as it was the one we’d most recently used. Right, those aren’t actual major league team logos at the tops of the cards--we’re not licensed to use real logos, so we just swapped in our own.
- Batters are rated only for batting, pitchers only for pitching.
- We chose a card palette that pays homage to the game’s venue this year (Seattle, team colors) with the AL clubs backed in blue and the NL clubs backed in red.

Hope you enjoy recreating the game on your tabletop!
