It's a VERY special live Fury Football webcast, Tuesday evening, December 18th, 630pm MST, 830pm EST: an interactive, head-to-head game between PLAAY Games' Keith Avallone and AFR's Steve Tower, to be streamed live on the PLAAY Games YouTube channel. We've created two special holiday-themed Fury Football teams: the North Pole Spirit vs. the South Pole Grouches (think "Grinch" without the licensing issues). It's North vs. South, in the first-ever Fury Football "Snow Bowl," an epic clash of Christmas-ness! We've included the two teams here, so you can scout out the game and decide who you're rooting for! You can then hold your own Snow Bowl with YOUR family and friends. We think it'll be a great gateway to spread the sports game "love" to those who might not understand or appreciate our hobby.

After the Snow Bowl, we'll announce the winner of the "name the team" contest. AND, Fury Football will once again be available on the PLAAY Games website, along with all of the expansion team sets, through the end of the year!

Thanks again for all your enthusiasm and support of PLAAY Games this year. Here's wishing you and those you love a VERY Merry Christmas!
