

American Association Team gameplay change suggestions:

In order to create the numerous errors of that era:

All 3-x-x results other than 3-3-3 become INFIELD DRAMA! In the Fielder column

All 4-x-x results other than 4-4-4 become OUTFIELD DRAMA! In the Fielder Column

Players have been rated more "normally" to reflect the addition of error checks, but it was done by feel/guesswork

In order to replicate the lack of Homeruns, aside from no SLUGGER or HR KING ratings:

Change 1-2-5 and 3-4-4 Pitcher and 2-2-6 Batter results to DOUBLE

Most Homeruns will occur off GLOVE, FENCE and other specialty chart occurrences

There is no stolen base data, ignore [steals!] rather runners are rated for triple propensity as follows:

An ACTIVE runner earns a triple on 1-1-1 and 2-2-2 Double results (as well as the 3-3-3 triple)

An Average runner will earn a triple on 1-1-1 Double results (as well as the 3-3-3 triple)

As there are no steals, runners will not be thrown out at 1st. Ignore 2-6-6 Pitcher result

Pitchers pitched multiple games and usually went the whole game. Pitchers will be rated for Fatigue:

SP- FRESH innings 1-6, Semi-Fresh 6-9, normal thereafter

Relief- FRESH in their first 2 innings, semi-FRESH the next 2

All parks are considered BIG

I would recommend changing SCRAPPER FENCE chart to: 1-2: Single, 3-4: Double, 5-6: Triple

All these changes have not been tested for accuracy, but rather an attempt to easily replicate the style of play in that era

Feel free to make any other changes you feel necessary, or drop those you feel are incorrect
